**Interface físico-etérica**

---

# Transdimensionalidade

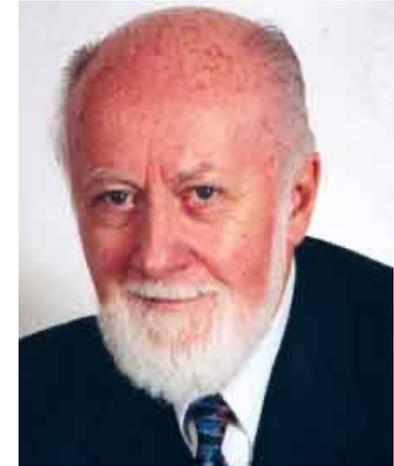

---

# Tiller-Einstein Model

---

$$E = \frac{mc^2}{\sqrt{(1-v^2/c^2)}}$$

SE  $v \rightarrow c$ , ENTÃO  $E \rightarrow \infty$

E = ENERGIA c = VELOCIDADE DA LUZ  
m = MASSA v = VELOCIDADE

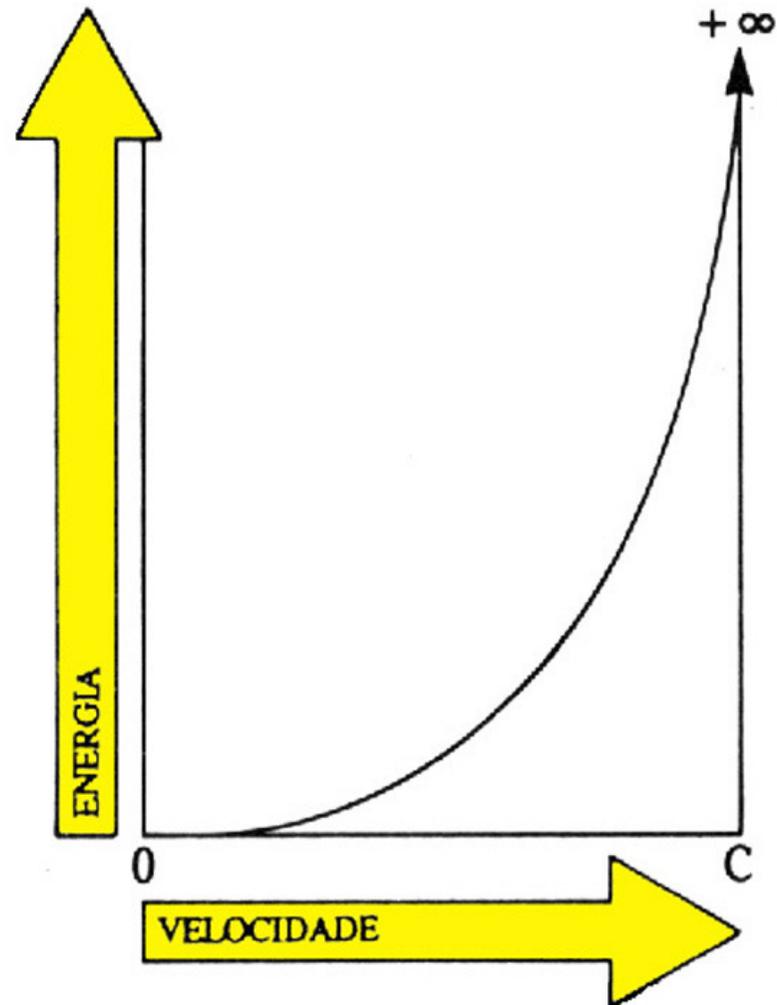

**Einstein-Lorentz Formula (constante de proporcionalidade)**
